1916 KING'S REGIMENT ORGANIZED

Sunday night the young people converted at the recent revival were excused from the regular services and they met in the Parish House to organize the 1916 King's

Regiment. There were about 400 present. The King's Army in Berea increases by regiments.

After the organization of the regiment Doctor Raine delivered a very helpful sermon, explaining the pleasant and rough places, the temptations which converts will meet, and gave ways of meeting them. The young people were greatly helped by the organization of the regiment.

FREE VACATION TOURS

It has been the custom of the Southern Woman's Magazine for some time to conduct each year a series of Vacation Tours for their representatives. This is a somewhat novel plan as it does not have any contest feature, but is a definite offer to their representatives.

This year there will be given two tours, a Western tour and an Eastern tour. The Eastern tour embracing Philadelphia, Washington, Atlantic City, Niagara Falls, Toronto, Canada, Great Lakes, Thousands Islands, Montreal, Albany, daylight trip down the Hudson River to New York City, spending three days in New York our party will go by sea over the Old Dominion Line to Norfolk, up the James River to Richmond, returning by way of Chattanooga.

The Western tour will embrace Salt Lake City, FOUR days tour of magnificent Yellowstone Park, Royal Gorge, Denver, Colorado Springs, Cripple Creek, returning via Chicago.

These tours are given with all expenses paid by the Magazine Company.

Full particulars of either tour will be sent upon request by the SOUTHERN WOMAN'S MAGAZINE Nashville, Tenn.

SUNDAY NIGHT SERVICES

In Upper Chapel Sunday night Doctor Roberts preached a very interesting sermon on "The Power of Christianity in Life." This address was especially fitting coming as it did at the close of the revival which has demonstrated this power so wonderfully. The speaker drew his facts and illustrations from a wide field and all who heard him were not only benefited spiritually but also learned things of educational value.

In Lower Chapel Sunday night the spirit of the great revival of last week was still prevalent. Mr. Knight spoke on "Rest," taking his text "Come unto me all ye that are heavy-laden and I will give ye rest." The speaker spoke earnestly and effectively presenting the truth in a vivid and interesting manner. In answer to the invitation given two went forward, to the inquiry room. Thus the good work goes on and it is expected that the spirit of the revival will not soon run cold.

Y.M.C.A.

The regular meeting of the Young Men's Christian Association Sunday night was led by Robert Edwards and John Kilbourne. The topic was, "Ways to Keep Saved." The principle ways mentioned were prayer, Bible reading and reading religious literature. At the conclusion of the leaders' talks opportunity was given for new converts to testify to which many responded. Miss Ruth Porter gave a very beautiful rendering of "I sing because I am happy, etc." This was in line with the sentiment of the hour.

The big social was postponed on account of the membership campaign not being closed. It will be held in the near future.

The Cabinet will report their recommendation for the officers of the coming year next Sunday night and it is important that every member be present. The Y.M.C.A. is growing both in size and spirit. Which department will get the membership banner? Why not yours?

VOCATIONAL DEFEATS ACADEMY

Monday morning in the most interesting game of basket ball of the season the Vocational team defeated that of the Academy 27-25. The game was very close throughout and at the end of the second half the score was tied. They played the tie off, the Vocational getting the first basket and thus the game.

The result of this game makes it very doubtful as to who will play the Normal for the championship. Several teams are still in the race and are making strenuous efforts to win.

HOW A FORMER BEREAN STANDS ON THE TEMPERANCE QUESTION IN DECATUR COUNTY, INDIANA

We are pleased to read in a recent issue of the Greensburg Daily Review, Greensburg, Ind., of the fight on in that county between "wets and dries", our old and tried friend E. S. Fee is taking the stand for the right that he is daring to take by coming out in a two column defence for the good. He surely expresses the thing as it actually exists in all wet territory and being a resident of that county for thirty years gives it more forcibly on account of experience and observation. The contest was to be held on the 29th of February. It is hoped that Mr. Fee's "hot shot" had the desired effect on the election day.

IN OUR OWN STATE

(Continued from Page 1.)

eration for ten years. The new line with a few changes will run along the same course. The new line it is said will save the producers about thirty cents per barrel on the oil which they are now shipping out by rail paying that amount in freight.

School Savings Bank Success in Owensboro

The Owensboro Messenger says school children in nine war schools in that city have saved \$130.20 during the past week. This showing of thrift represents 473 depositors of which 188 are colored pupils. The school showing the largest number of depositors is colored reaching ninety-eight. The remarkable thing about this showing is that the High School is at the bottom of the list showing only eight depositors. The largest amount deposited by any one school was \$72.51.

Would it not be a good idea to establish an institution of this kind in this city in order to teach the children to save and take care of their money?

Harlan County Road Bonds Sold
The Harlan County Good Road Bonds were sold Thursday, February 24th, to Weil Roth and Company of Cincinnati at a premium of \$4,000. This sale was made very early after the election and will enable the Harlan County people to get money at once to begin operations as soon as the weather permits.

NATIONAL EDUCATIONAL ASSOCIATION

Berea was well represented at the meeting of the National Educational Association held at Detroit, Mich., last week by Deans Marsh, Clark, and Matheny, Professor Calfee and Mr. Parker.

The two main questions up before the Association were whether or not children should be required to be thru the eight grades before they begin to differentiate and to take Vocational Courses, and what vocational studies young women should take. On the first proposition the debate was keen and close and they were unable to come to any decision. However it was generally agreed that vocational training should start early in the educative process.

The problem of vocational studies for women was discussed with more unity than the former question. The principle thots of this discussion seemed to be that women should be able to make their own living if necessary; that they, as homemakers, should receive ample training for their work; and that women taken as a whole, would be greatly benefited by proper vocational work.

Among the speakers who contributed to the success of the meeting were Hon. P. P. Claxton and Doctor Percy who are known to Berea people.

Our delegates not only attended the Convention, but they also spent time in visiting points of interest. They made an excursion over into Canada where they report the war spirit to be exceedingly high. Here they saw "Rough" Powell, a former student of the College Department, in the Canadian Army. They went to see the Ford Motor Factory where they were greatly impressed by the English School which the Company maintains for its employees. The curriculum is up-to-date and it counts among its teachers some of the strongest men of Detroit. It is the only school of its kind in the world and it is certainly doing a great work.

The Berea delegation dined several times with old Berea students such as Rivenberg, Lichtwardt, Davidson, Robinson and others.

On the return trip Mr. Parker stopped in Toledo to visit Frank Hoffman of the class of '14. Dean Matheny visited relatives in northern Wisconsin.

Every member of the delegation returned with new ideas and stronger purposes which will add materially to the College work.

RELIGIOUS SOCIETY NOTES

Sunday morning the Mountain Volunteer Band met for its regular meeting in Room 80. The entire hour was turned over to Dean Clark of the Vocational Department. He spoke on "The Contrast Between Leadership in the Mountains and in Other Places." After outlining the great need of leaders in the Southern mountains, he pointed out how many of our strong young people go into other parts of the country and become mere cogs in the great industrial machine who could become active leaders in their

THE GREATEST HEALTH INSURANCE IN THE WORLD

T. P. Taylor, Prominent Louisville Druggist, Makes Interesting Statement

"The greatest health insurance in the world is the simplest," he said. "I never could quite understand why people are so negligent in the use of the simplest of all preventives of illness. It's all a matter of keeping the bowels open. The man who carries a little box of Rexall Orderlies has got a good health policy in his pocket. I believe they are the best laxative ever prepared, and their pleasant taste appeals to men, women and children alike."

We have the exclusive selling rights for this great laxative. Trial size, 10 cents
Porter-Moore Drug Co., Inc.
THE REXALL STORE

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder

ROYAL BAKING POWDER CO

mountain communities. The South is the greatest land of opportunity now open for aspiring youth; and it indeed needs the service of worthy young people. Dean Clark caused many to think concerning their life work as they have never thought before. Those who have already consecrated themselves for service in Appalachian America were greatly strengthened.

The regular business meeting of the band will be held Sunday afternoon at 2 o'clock unless otherwise announced.

The regular meeting of the Young Women's Christian Association Sunday night was led by Miss Nora Baker. The topic was "Echoes of the Revival." The Association has been greatly strengthened by the revival and this meeting was a most interesting one. The time was largely given to testimonies.

A solo by Miss Mary Shaw added much. The girls of the association have much to be thankful for as a result of the great revival.

MAMMOTH BAPTIZING

Sunday afternoon 65 people were baptized in Main Chapel. Rev. Mr. Hudson immersed all who chose that method and Doctor Roberts performed the rite by sprinkling for those who desired that mode.

These yearly baptizings which usually occur just after the revival, have become a fixed custom in Berea. The institution clings to the old apostolic custom of baptizing all believers whether or not they have joined any church. Such a service strengthens young people and enables them to more easily keep on the right road.

LEAP YEAR RECEPTION

Forty-five members of the Junior Class participated in a very novel and enjoyable affair on Monday night in Alpha Zeta Hall. The young ladies of the class taking advantage of the privilege granted them by the year invited the young men to this special social function and called for them at their dormitory. The two hours were spent in playing old fashioned games and enjoying a general social time.

This class has been divided into four divisions which are in turn to have charge of the social events for the remainder of the year. The members of the first division have our hearty thanks for the stand-ard they have set and our deep appreciation for the very enjoyable affair which they planned for us.

NORMAL DEFEATS COLLEGE

In a fast and snappy game of basketball Monday afternoon the Normal girls defeated those of the College 10-6. This was one of the

most interesting games yet played by the young ladies. Each team was in fine trim and showed considerable practice.

The spirit among the different teams is becoming more intense and before the season closes we will doubtless have some first-class basketball.

BEREA AGAIN DEFEATS RICHMOND

The basket ball team of our Faculty met the E. K. S. N., Faculty team Monday afternoon on the local floor and defeated them 35-24. This was the second game between these teams and Berea has won each of them.

The game Monday was hard fought and unusually rough, there being much unsportsmanlike playing on the part of the Richmond men. The Berea team excelled in teamwork, science and speed.

YOUNG MAN COMMITS SUICIDE

Kills Himself in Presence of Sweetheart After Threatening Her.

Corydon, Ind., Feb. 29.—Jesse Shewmaker, a young man of this place, called on his sweetheart and apparently being dissatisfied with the reception given him, he picked up a revolver, slipped in a cartridge and pointed the weapon at the girl's head. When she screamed and begged him not to shoot her, he turned the weapon on himself and fired a bullet into his head. He died later. Several persons witnessed the tragedy.

Convicted For Medicine Sale.

Boonville, Ind., Feb. 29.—The jury in the case of Andrew J. Keuber, charged with selling hog cholera medicine without a license, returned a verdict of guilty after deliberating more than a day. The prosecution of the case was pushed by representatives of Purdue university.

BERLIN EXEMPTS UNARMED SHIPS

(Continued from Page 1)

impression made on him by the memorandum.

Before answering, the secretary will confer with the president, probably at the cabinet meeting.

In the meantime the new submarine campaign will go into effect at midnight. At no time, it was authoritatively declared at the state department, has the United States government even suggested to Germany or Austria the advisability of postponing the effective date from March 1, pending a further discussion.

Accompanying the memorandum left with the secretary by Count von Bernstorff was a compilation of twenty-two cases in which the ambassador told Mr. Lansing it was clearly established that British and French merchant ships, but particularly British, had used their defensive armament offensively against enemy submarines.

ENCOURAGEMENT

"If you want to feel happy and actually experience prosperity and peace of mind, encourage yourself. Successful business is built up on encouragement."

We believe in this thing of encouragement. That is just what we are striving for when we bend our best efforts to make every feature of this bank's service so satisfactory. If we can succeed in making every transaction here pleasant and worth while; if we can get you a patron to realize that we feel a personal interest in you and your efforts for success; then when we try to encourage you to save money, to handle it wisely, and to make sure of the safety of any investment before putting your money into it, you cannot but feel that we have done something for you. Our encouragement will come from the good word you speak among your friends which will induce them to use this bank that they may obtain the same good service and careful consideration we have sought to extend you.
